

**O*NET 10.0 Development Database
MS Access Supplemental and Crosswalk Files
National Crosswalk Service Center
June 2006**

Supplemental Files (SUP10SAC.ZIP): These files contain information about O*NET occupations that is not updated with each release of a new version of the O*NET database. Each of these archives contains a PDF document describing the files' contents.

Access Database Files
Detailed Work Activities
Emerging Tasks
Lay Titles
Tools and Technology

Crosswalk Files (XWA10SAS.ZIP): Crosswalk files link occupations from the O*NET classification to those from other taxonomies. In the case of the related occupations, O*NET occupations are linked to other O*NET occupations. Documentation is provided. The files consist of codes and titles from the O*NET and other classifications. These files are not updated with each new release of the O*NET database.

Access Database Files
